## Request for test accommodations

If you require test accommodations, you must notify the Medical Council of Canada (MCC) of your requirements in writing each time you apply for an MCC examination. Submitting this form constitutes your official notification.

Review the <u>test accommodations</u> webpage for more details. You must complete all sections of this form and submit it with the required supporting documentation immediately after you submit your examination application.

Incomplete requests with insufficient supporting documentation will delay processing of your request.

The MCC will acknowledge receipt of your request through a message in your physiciansapply.ca account. Upon review of your documentation submission, you may be asked to submit additional information. If you do not receive a message within a few days of submitting your request, please contact the MCC.
